✧✧Wow — this truly feels like a full-circle moment! ✧✧

Back in 2015, Gaurav, Vinay Manish and I first spoke about building something meaningful with GIC, one of our biggest dreams was to see the chapter recognized as the best in the region.

And today, as that dream comes true — right when GIC turns 10 — it feels nothing short of magical.

So proud of everyone who's been part of this incredible journey — the founders, ex-coms and every single member who's added their spark to this beautiful story.

Here's to the next decade of impact, friendship and shared growth!

Cheers

Aditya
